

AI Governance Interoperability Index

Source Register for Data Collection and Verification

This PDF lists the source documents and official web pages used to compile the AI Governance Interoperability Index workbook. It is designed to be saved in the project source folder as an audit trail for data collection, evidence capture and source verification.

Total sources recorded	13
Verification date used in workbook	2026-06-01
Source coverage	UN, OECD, EU, AU, ASEAN, UK, NIST and China AI governance sources

Source List

1. UN High-level Advisory Body on AI: Governing AI for Humanity

Source title	Governing AI for Humanity: Final Report
Source type	Official PDF report
Publisher / Institution	United Nations
Publication or update date	2024
Access or verification date	2026-06-01
Reliability note	Official UN source

Key evidence captured: Final report of the UN High-level Advisory Body on AI; includes recommendations on scientific assessment, policy dialogue, standards exchange, capacity development and global cooperation.

URL: https://www.un.org/sites/un2.un.org/files/governing_ai_for_humanity_final_report_en.pdf

2. UN AI Governance for Humanity Lab

Source title	AI Governance for Humanity Lab
Source type	Official web page
Publisher / Institution	United Nations ODET
Publication or update date	2026
Access or verification date	2026-06-01
Reliability note	Official UN source

Key evidence captured: Describes the Lab's workstreams and role in supporting the Global Dialogue on AI Governance.

URL: <https://www.un.org/digital-emerging-technologies/content/ai-governance-humanity-lab>

3. Global Dialogue on AI Governance

Source title	Global Dialogue on AI Governance
Source type	Official web page
Publisher / Institution	United Nations
Publication or update date	2026
Access or verification date	2026-06-01
Reliability note	Official UN source

Key evidence captured: Confirms first session of the Global Dialogue on AI Governance will be held on 6 and 7 July 2026 in Geneva.

URL: <https://www.un.org/global-dialogue-ai-governance/en>

4. OECD AI Principles / OECD.AI Policy Observatory

Source title	OECD AI Principles overview
Source type	Official web page
Publisher / Institution	OECD
Publication or update date	2019, updated OECD web source
Access or verification date	2026-06-01
Reliability note	Official OECD source

Key evidence captured: Principles promote innovative and trustworthy AI respecting human rights and democratic values.

URL: <https://oecd.ai/en/ai-principles>

5. OECD AI Principles / OECD.AI Policy Observatory

Source title	OECD.AI Policy Observatory
Source type	Official platform
Publisher / Institution	OECD
Publication or update date	Current platform
Access or verification date	2026-06-01
Reliability note	Official OECD source

Key evidence captured: Provides policy observatory and access to 900+ national AI policies and initiatives.

URL: <https://oecd.ai/>

6. European Union AI Act

Source title	AI Act: Shaping Europe's digital future
Source type	Official web page
Publisher / Institution	European Commission
Publication or update date	Current EU policy page
Access or verification date	2026-06-01
Reliability note	Official EU source

Key evidence captured: Explains the AI Act's risk-based approach and four levels of risk.

URL: <https://digital-strategy.ec.europa.eu/en/policies/regulatory-framework-ai>

7. African Union Continental Artificial Intelligence Strategy

Source title	Continental Artificial Intelligence Strategy
Source type	Official PDF strategy
Publisher / Institution	African Union
Publication or update date	July 2024
Access or verification date	2026-06-01
Reliability note	Official AU source

Key evidence captured: Africa-centric, development-focused strategy for ethical, responsible and equitable AI.

URL: https://au.int/sites/default/files/documents/44004-doc-EN-_Continental_AI_Strategy_July_2024.pdf

8. ASEAN Guide on AI Governance and Ethics

Source title	ASEAN Guide on AI Governance and Ethics
Source type	Official PDF guide
Publisher / Institution	ASEAN
Publication or update date	February 2024
Access or verification date	2026-06-01
Reliability note	Official ASEAN source

Key evidence captured: Practical regional guide that encourages alignment within ASEAN and interoperability across jurisdictions.

URL: https://asean.org/wp-content/uploads/2024/02/ASEAN-Guide-on-AI-Governance-and-Ethics_beautified_201223_v2.pdf

9. United Kingdom Pro-Innovation Approach to AI Regulation

Source title	A pro-innovation approach to AI regulation
Source type	Official white paper
Publisher / Institution	UK Government
Publication or update date	2023
Access or verification date	2026-06-01
Reliability note	Official UK Government source

Key evidence captured: Sets out proportionate, future-proof, pro-innovation framework and international interoperability commitment.

URL: <https://www.gov.uk/government/publications/ai-regulation-a-pro-innovation-approach/white-paper>

10. United States NIST AI Risk Management Framework 1.0

Source title	AI Risk Management Framework
Source type	Official web page
Publisher / Institution	NIST
Publication or update date	AI RMF 1.0, 2023
Access or verification date	2026-06-01
Reliability note	Official NIST source

Key evidence captured: Framework for managing AI risks to individuals, organisations and society.

URL: <https://www.nist.gov/itl/ai-risk-management-framework>

11. United States NIST AI Risk Management Framework 1.0

Source title	Artificial Intelligence Risk Management Framework 1.0 PDF
Source type	Official PDF
Publisher / Institution	NIST
Publication or update date	January 2023
Access or verification date	2026-06-01
Reliability note	Official NIST source

Key evidence captured: Details AI RMF 1.0 and risk management functions.

URL: <https://nvlpubs.nist.gov/nistpubs/ai/nist.ai.100-1.pdf>

12. China AI Governance Approach: Generative AI Measures and Global AI Governance Initiative

Source title	Global AI Governance Initiative Full Text
Source type	Official government/embassy text
Publisher / Institution	People's Republic of China
Publication or update date	October 2023
Access or verification date	2026-06-01
Reliability note	Official Chinese government/embassy source

Key evidence captured: States China's international AI governance principles, including development rights, security and global collaboration.

URL: https://il.china-embassy.gov.cn/eng//sgxw/202310/t20231024_11166964.htm

13. China AI Governance Approach: Generative AI Measures and Global AI Governance Initiative

Source title	Interim Measures for Generative AI Services, translated PDF
Source type	Translation of official measures
Publisher / Institution	China Aerospace Studies Institute translation of CAC source
Publication or update date	July 2023 / effective Aug 2023
Access or verification date	2026-06-01
Reliability note	Translation, cross-check with official Chinese source where possible

Key evidence captured: Translation captures scope and purpose of China's generative AI measures, including standardized application, national security and public interest objectives.

URL: <https://www.airuniversity.af.edu/Portals/10/CASI/documents/Translations/2023-08-07%20TOW%20Interim%20Measures%20for%20the%20Management%20of%20Generative%20Artificial%20Intelligence%20Services.pdf>
